INTRODUCTION

In issuing this Catalogue, we hope to reach a line of trade that does not have the opportunity of visiting the market personally, thereby enabling them to purchase Trimmings to match their materials. This is the first Catalogue issued devoted exclusively to trimmings, pertaining to the Drapery and Upholstery lines. It contains 200 cuts of a well selected line of Drapery, Edging and Furniture Fringes, Loops, Tassels, Portieres and Rug Fringes, giving a large assortment of designs for their different purposes. We purpose to make up any selection of design to match your materials, either by the piece, or by what is generally termed "special orders" (short lengths). In this way the dealer is in a position to give entire satisfaction to his customers.

As we have been put to great expense in issuing this Catalogue we would kindly request you to keep it well preserved.

PLEASE DO NOT CUT OUT THE ILLUSTRATIONS, ORDER BY NUMBER
